

ENGLISH: These instructions and the supplementary template are to be used only when the height of the opening in the ceiling/wall finish is pre-determined and when one of the four roof pitch lines mentioned in the standard instructions does not fit precisely to the height of the opening in the ceiling/wall finish.

DEUTSCH: Diese Anleitung und die dazugehörige Schablone sind nur in den Fällen zu verwenden, wo die Höhe des Dachausschnittes vorausbestimmt ist und wo eine der in der Standardanleitung erwähnten vier Dachneigungslinien nicht genau mit der Höhe des Dachausschnittes übereinstimmt.

FRANÇAIS : Cette notice et le gabarit correspondant ne doivent être utilisés que lorsque la hauteur de l'ouverture dans la paroi est prédéterminée ou qu'une des quatre lignes de pente mentionnées dans la notice standard ne s'adapte pas parfaitement avec la hauteur de l'ouverture dans la paroi.

DANSK: Denne vejledning og tilhørende skabelon skal kun anvendes i de tilfælde, hvor højden af indervægshullet er bestemt på forhånd, og hvor en af de fire taghældningslinier nævnt i standardvejledningen ikke passer nøjagtigt til højden af indervægshullet.

NEDERLANDS: Deze inbouw instructies en de bijgeleverde sjabloon/mal dienen enkel gebruikt te worden wanneer de hoogte van de opening aan de binnenzijde van het dakbeschoot vaststaat én wanneer één van de vier dakhellingslijnen, genoemd in de standaard inbouw instructies, NIET precies overeenkomt met de hoogte van de opening aan de binnenzijde van het dakbeschoot.
